

ADVANCE YOUR CHILD'S LEARNING THROUGH THE POWER OF ADVENTURE.

Join us as we journey through time and space this summer! Whether crossing oceans, blasting into space, migrating to distant unknown lands, or pursuing voyages of discovery within our own minds, we will learn about who we are

and who we want to become through guided lessons that build knowledge and fuel imagination.

Campers will discover new and exciting things about the prehistoric era, dinosaurs, ancient artifacts, space, decoding and solving mysteries, and so much more. Each week will feature a field trip or in-house presentation, water days, science, nature, physical education, art, and other engaging activities.

With the help of our talented and professional staff, this one-of-a-kind summer experience promises great fun while promoting social skills, physical activity, and the chance to make lifelong friends. Enroll your child early to ensure their placement!

ALL LOCATIONS WILL BE OPEN FROM 7:00 A.M. TO 6:00 P.M.

Since 1991, Columbia Academy has provided children from infants through 8th grade with the memorable experiences and quality education they need to grow into successful adults. With five locations and multiple programs, Columbia Academy is the ideal learning environment.

Columbia Academy's summer camps are a perfect complement to our traditional education programs. Taking children on mental and physical journeys throughout the non-school months, our summer camps are full of creative, fun, social activities to keep young minds fresh.

ADVENTURES THROUGH TIME

SUMMER CAMP 2023

JUNE 12 THROUGH AUGUST 18

Serving school-age children

 **Columbia Academy**
www.columbiaacademy.com

Embark on a journey of exploration and discovery this summer!

Week 1: Dinosaurs Discovered

Campers will embark on a journey to discover prehistoric creatures. While walking the grounds of prehistoric times, campers will dig up bones, explore caves, and create dinosaur eggs.

Week 2: Magical Storybook

Campers will engage in the art of storytelling, bringing their tales to life with magical, hands-on activities.

Week 3: Invention Dimension

Campers will open a portal with their minds. In groups or by themselves, campers will build, create, and explore through inventions. Taking ideas from Rude Goldberg, Klutz books, and open challenges, campers will create different objects or mechanisms.

Week 4: Creatures of the Deep

Campers will discover some of the most amazing prehistoric creatures of the sea, counting teeth, fins, and comparing these prehistoric creatures to those we see today.

Week 5: Mysteries of the World

Campers will treasure hunt by venturing out to explore the world around them in search of ancient artifacts and hidden wonders.

Week 6: Cosmic Cruise

Campers will put on their space boots and go above and beyond the sun, learning about gravity, constellations, and the progression of our presence in space.

Week 7: Mission Possible

Campers will grab their spy gear and investigate various daily missions, learning the art of decoding messages, solving mysteries, and old-fashioned finger printing.

Week 8: Recreation Exhibition

Campers will join in the time-honored battle of games, dances, and recreational activities. They will test their limits and take their rock master skills to the next level.

Week 9: Robo Bot

Campers will take their turn as young creators using different materials each day to build helpful, everyday tools.

Week 10: Survivor: 2023

Campers will compete as tribes to complete fun-filled, friendly challenges, search for and win immunity idols, and learn what it takes to be a true survivor. At the end of the week, all campers will be rewarded with a special treat, as they are all winners in our eyes!

ADVENTURES THROUGH TIME

Camp runs June 12 through August 18, 2023.

Reserve your child's spot early to ensure placement by calling 301.273.1735 or visit columbiaacademy.com.

All campers registered before May 1, 2023 will receive a free camp t-shirt.

REGISTER TODAY!
